 CUPE • SCFP Local 4207

Brock works because we do!

CUPE local 4207 is in a legal strike position on March 14 because the Brock University administration has failed to come prepared to bargain a new collective agreement. We are fighting to improve the quality of education at Brock, to protect our members jobs, and to improve our working conditions.

Join us at a rally on March 14 at noon to help strengthen our picket lines - or to celebrate our new collective agreement if a settlement is achieved!
